183	Bulmer	W8+ Band 1
194	Chamberlain	W8+ Band 2
195	Turner	W8+ Band 2
253	Mellor	4+ Band 2

Parking and other Information

We would recommend parking at Newcastle University Boat Club, however, arrive early to avoid a long walk if the carpark is full. Other places are available at Tyne United or Tyne ARC but these will be very busy with trailers and crews who are rigging. There are streets around the clubs that can be parked on which are just a short walk from the various clubhouses.

Many of the spectators and club members will gather at the NUBC steps to cheer on the Newcastle and Alumni crews. However, the Newburn bridge is an excellent vantage point to see all the way up the straight and down to the finish. If gathering at the steps just watch out for crews either boating or coming of the water.

Tyne Rowing Club will be providing hot food and drinks all day long along with a bar and homemaking. **Tyne only takes cash, not card.** If you can spare some time over the next few days Tyne would be extremely grateful you brought along some home baking. Profits from this do make their way back to NUBC so we would all be thankful if you could spare some time to don your aprons.

Tyne Amateur Rowing Club

Course & safety map - 4500m

Event: Rutherford Head

Event date: 01-12-18

Draft V1 issued 18-10-18

Finish - approx posn

Fast zone - designated water skiing & powerboat area

Fast zone - designated powerboat area

Start - approx posn

Beware: very tight turn, with large mud bank on outside of bend exposed at low tide; and very swirly water on inside of bend when strong outgoing currents

Beware: very narrow bend at low tide, mud banks both sides.

Beware: swirly water near old timber jetty when strong outgoing currents
